Description

This is "WOODY", a unique, stylish, fun, well broke FRIESIAN QUARTER PONY CROSSBRED GELDING that is broke to ride and drive. This gelding stands 14 hands tall and is 8 years old. He shows lots of Friesian characteristics with feathering on his legs, a full foretop, long mane, and a thick tail. He has tons of heart, stamina, and ride. He has lots of action and eye appeal. He has been ridden in the mountains and can go for long periods of time without wearing out. He walks out the best and can really cover the ground. He will one step lope, he will work a circle, he stops on whoa, backs up, and moves off of leg cues. He has excellent ground manners, he stands tied, loads, bathes, and hauls. This horse is extremely confident and goes anywhere you point him. He will bravely cross deep streams, he can handle the loose rocky terrain, and he is sure footed. This horse rides in the arena nicely and has been under English and Western tack. He has been jumped over logs in the woods and is a natural. He is a super cool Friesian Quarter Pony cross that is lots of fun to ride. He is forward yet easy to manage.
