Description

This is "SMIPPYS WEASL", a real fun, athletic, sure footed, smart, and well trained BLACK AQHA MARE that has been used for ranch work and trail riding. She stands 14.3 hands tall and is 4 years old. She is a great trail horse that will go anywhere you point her. She is forward yet very obedient and easy to control. She has been around cattle, tractors, side by sides, and traffic. This mare is responsive, moves off of leg cues, and aims to please. She lopes nice circles, stops hard, and backs up. This mare is solid, lopes off with no hump and no buck. She is my kind of horse that will get the job done, has speed when you need it, yet only goes as fast as you ask of her. She has a nice balanced build with an attractive head. She gets along well with other horses, rides out alone, and can handle rough terrain with ease. She has tons of heart, ride, and ability. She has an excellent foundation of training and will only get better with every ride. This is a great young mare that will excel in any performance discipline.
