Description

This is "CLAUDETTE", a real fancy, loud colored, well broke, and well trained BAY AND WHITE PAINT PERCHERON CROSSBRED MARE that is broke to ride and drive. This mare stands a stocky and muscular 14.3 hands tall. She is 5 years old. This mare has been ridden English and Western in the arena, out on the trails, and in the pastures to check cattle. She lopes nice circles in and out of the arena, she has an easy stop, she backs up, and turns nicely. She has a nice collected lope, an easy to sit jog, and she walks on a loose rein. She will only go as fast as you ask of her. She loves to trail ride, goes anywhere you point her, through the deep water, up and down the steep embankments, and through the mud. She has been in the thick timber and rough country. She is a fancy mare that is traffic safe, not spooky, and one that lopes off with no buck and no hump. She's lots of fun to ride, easy to work around, and she gets along well with other horses. She is good with dogs, side by sides, and commotion.
