Description

This is "SHEZA PEPPER JAK", a really pretty, professionally trained, smart, and gentle AQHA REGISTERED GRULLA ROAN MARE that is a real joy to ride and work around. This nice mare is 3 years old and stands 14.2 hands tall. She is very well bred and is a granddaughter of WIMPYS LITTLE STEP on the top side and she also has HIGH BROW HICKORY on her papers. She will side pass, neck rein, stop hard on whoa, back up for any distance, and move off of leg and seat cues. She lopes very nice circles, in and out of the arena. She catches her leads, has a comfy canter, and she is a very nice mover. This mare has a really unique cool Grulla roan color that makes her stand out. She has been on cattle and used in the pastures to sort and gather. She has also had ropes swung off of her and she doesn't mind them at all. She is sure footed in the woods, has been through the water, out in the big country, and through the mud. She lopes off with no buck and no hump. This mare has the looks the brains, the ability, and the sense to do whatever job you want to do with her. She is a true gem to have and the hard to find kind. She has excellent ground manners, she gets along well with other horses, and is extremely obedient. View video at <https://www.youtube.com/watch?v=J484Vzi12rI&t=173s> call 304-238-4155 handhorses
