Description

This is "WHITE PEARL", a GRANNY, YOUTH, NOVICE, and BEGINNER FRIENDLY GRAY QUARTER HORSE MARE that any level rider will love. This mare is safe, quiet, honest, and extra gentle. She has been used for riding lessons for small children in the arena, she has been trail ridden by beginner riders, and she has been out in the pastures to check cattle by an older couple. This mare is solid, seasoned, civilized, and stays broke. She will one step lope, stop on whoa, back up, not go any faster than you ask of her, and go anywhere you point her. She is an excellent confidence booster that is naturally slow legged and rides low headed. She is always calm, cool, and collected. She is traffic safe, been shown in 4H, and not spooky. She lopes nice circles, catches her leads, and moves off of leg and seat cues. She is a very broke mare that will teach you how to ride. She is also extra smooth and has an easy to sit jog. She is 13 years old and stands 14 hands tall. View video at <https://www.youtube.com/watch?v=7HvdzNyorVA> call 304-238-4155 handrhorses
