Description

This is "AMBER ROSE", a professionally trained, very well broke, SORREL QUARTER HORSE mare that has had reining training. This mare has been used for all aspects of ranching and has been roped off of in the pastures. She has been around exotic animals including water buffalo, camel, and bison. She is extremely obedient, she aims to please, and does whatever her rider asks of her. She has a nice turnaround and crosses over in the front like she is supposed to. She will stop hard, back up for ANY distance, she will side pass, you can open and close gates off of her, and she will work a cow. She is responsive, yet gentle enough for anyone to ride. She will step it up when asked to do so and has speed when asked for it. She works a super nice circle, she catches her leads, and does flying lead changes. This mare is not only athletic, she is sure footed, solid, and seasoned. She stands 15 hands tall and is 5 years old. She has an excellent foundation of training, a great personality, and she enjoys a job. This mare has heart, stamina, ride, and sense. She has excellent ground manners, stands tied, loads, bathes, hauls, and gets along well with other horses. She is my barn favorite. Anyone that gets her will love her one hand neck rein, her turnaround, her stop, and her collected way of riding. She lopes off with no hump and no buck. She makes going riding lots of fun with no issues. View video at <https://www.youtube.com/watch?v=Ks-MvXc4CZE&t=1s> call 304-238-4155 handrhorses
