**Description**

www.handrhorses.com This is "LANEY" and "LEXIE", an exceptionally nice, unique, gentle, and versatile BLACK AND WHITE TEAM OF REGISTERED FRIESIAN SPORT HORSE MARES that are broke to ride and drive. This pair of horses are half sisters and share the same Friesian sire. They both stand 15.1 hands tall and are 3 years old. They have had professional riding and driving training. They both ride out alone and will work double or single in the hayfield and have pulled all the hay equipment as well as hay wagons. They both are gentle to ride and lope off with no hump and no buck. They stop hard on whoa, back up, and will work a circle. They are fancy movers and easy to sit. They stand to harness, hitch, tack, mount, and groom. They are both traffic safe and have been driven to town on the main roads. They are also fine with dogs trailing their heels. They will both ride off from one another and are fine to ride by themselves. They are not barn sour and not buddy sour. They have excellent ground manners, they get along well with other horses, and they go anywhere you point them out on the trails. They cross deep water under harness or saddle, they have been on steep terrain, and they are both are sure footed. They are well matched and both have pleasant, kind, and patient personalities. They are a great team to work, drive, or ride. They truly can do it all.
