Description

www.handrhorses.com This is "LETTY'S DAZZLING STAR", a gentle, well trained, and experienced REGISTERED APHA SORREL MARE that anyone can ride. This mare stands 15.2 hands tall and is muscular with a big hip. She has been shown at the open shows and in the trail class competitions. She will go through any depth of water without hesitation and she handles steep terrain. She is good to go through the rocky stream beds and through the thick timber. She has MR NORFLEET on her papers. She is 13 years old. This mare lopes nice circles and rides low headed and collected. She stops on whoa, she will back up for any distance, and she has a nice one hand neck rein. She has an easy turnaround. She is fine with dogs, traffic, and lots of commotion. She is a nice mare to have around that is user friendly. She lopes off with no hump and no buck. View video at <https://www.youtube.com/watch?v=3iiUltuzDzQ> call 304-238-4155 handrhorses
