This mare currently has a 2 month old piebald stud colt that is flashy colored by her side. The stud colt is able to be registered and sired by the fancy KING OF THE SOUTH Gypsy stallion. This mare has been shown in 4H, she has been used to carry the flag, she has been shown in the obstacle and trail class courses, and been trail ridden out in the woods on week long camping trips. She has also been ridden through the ring of fire, she will drag a tarp, and quietly walk over them. She has been ridden by complete novice equestrians with no issues. She is smooth, honest, and goes out alone bravely wherever you point her. She loves the water and she will pack saddle bags. She has also been ridden double and in just a halter and lead rope. She stands for the farrier and she is also trained to walk on a walker. This is one exceptional registered Gypsy Vanner mare that is one the whole family can enjoy. She will lope off with no hump and no buck. She will not go any faster than what you ask of her. She is registered with both GYPSY HORSE ASSOCIATION and the GYPSY VANNER HORSE SOCIETY.
